SANTA ANA, CALIFORNIA, MONDAY EVENING, MAY 27, 1912.

50 CENTS PER MONTH

WEBB BEGINS PROBE TODAY OF I.W.W.'S

Examined City Prosecutor of
San Diego For Share in
Fight on Them

CONFERRED WITH POLICE
HEAD AND PROSECUTOR

Street Speaker Started Riot
by Trying to Speak in the
Restricted District

SAN DIEGO, May 27.—Attorney General Webb, investigating the Industrial Workers of the World activities here, today examined City Prosecutor Giddens for his part in the fight on the Industrialists. It was expected that he would examine other officials during the day.

When Industrialist Attorneys Moore and Robbins endeavored to secure complaints against Chief of Police Wilson and others, in connection with the alleged kidnapping of their stenographer they found that District Attorney Utley had gone to Mesa Grande to try another case. Action was delayed.

Attorney General Webb spent the entire day in conferences with Chief of Police Wilson, Detective Meyers, City Prosecutor Giddens. He refused to state the subject of the conference. He went to the hotel where he stated that he planned to rest before resuming work tomorrow.

Riot Precipitated
A. B. Carson, street speaker, precipitated a riot today when he attempted to speak from a soap box outside the restricted district. Motor-cycle Officer Hathaway pulled him from the box and ordered him from town. Carson did not state whether or not he was connected with the Industrialists.

Bomb Matter May Be Probed
LOS ANGELES, May 27.—When the federal grand jury investigating the Industrial Workers of the World activities meets tomorrow, it may probe the discovery of the bomb in an unoccupied house here. Federal attorneys profess to believe the bomb was intended for use in the present fight in San Diego. Dudley Robinson, the federal attorney directing the probe, refused to state whether the jury would take action, but admitted he was personally considering the matter.

CONGRESSMAN S. C. SMITH RETURNS

Suffers With Heart Trouble—
Will Retire March 4, 1913,
From Politics

LOS ANGELES, May 27.—Congressman Sylvester C. Smith of Bakersfield, who, despite a serious illness, has been in attendance at the present term of Congress since January, has returned to Los Angeles, accompanied by members of his family and a special nurse. He is afflicted with heart trouble.

Mr. Smith bravely withstood the trying ordeal of the long journey from Washington, and is now resting at his residence, 313 Hill Crest road, Hollywood. His condition is gradually improving, and physicians say that his ultimate recovery is virtually assured.

During the session of Congress it was often necessary for Representative Smith to be accompanied by a doctor and nurse while attending the meetings of the House. It was only when the measures of vital importance were brought up that his physicians allowed him to leave his apartments.

Congressman Smith said yesterday that at the expiration of his term, March 4, 1913, he would withdraw from politics.

FOR ORANGE SHOW HOME
San Bernardino May Have Permanent Exhibition Building

SAN BERNARDINO, May 27.—A permanent home for the National Orange Show is planned by Charles M. Grow, president of the 1913 exhibit. Mr. Grow proposes that citizens of San Bernardino purchase a close-in site and deed it to the county. Then the supervisors shall levy a 10-cent-on-the-hundred tax rate for the purpose of constructing a magnificent building to house the show.

Mr. Grow says the 1913 show will be far ahead of the others in scope and beauty.

Supreme Court Upholds 8 Hour Law for Women

SAN FRANCISCO, May 27.—The State Supreme Court today upheld the constitutionality of the eight-hour law for women by affirming the decision of the Superior Court of Riverside County, in which F. A. Miller, proprietor of the Glenwood Hotel, was convicted for compelling Emma Hunt, a house maid, to work nine hours per day.

THE WEATHER

Fair tonight and Tuesday;
light northwest winds.

BRIEFS

Jan Block, Belgian Composer, Died Yesterday
ANTWERP, May 27.—Jan Block, the famous Belgian composer and widely known authority on Flemish music, died yesterday after a long illness. He was 61 years old.

Swift Closing of
Monster Steel Lock Gates
WASHINGTON, May 27.—It takes just one minute and forty-eight seconds to close one of the 48-ton electrically controlled steel lock gates of the Panama canal, according to the report of the first test of the canal's gate moving machinery recently conducted at Gatun.

Shortstop Olson
Deposed for Biffing Pitcher
CLEVELAND, Ohio, May 27.—Shortstop Olson, of the Cleveland Americans, was deposed as captain, for striking Pitcher Mitchell at Boston Thursday.

Missouri Will
Extradite Fred Murray
SACRAMENTO, May 27.—Gov. Johnson granted papers of extradition to Missouri in the case of Fred Murray, now in custody at Ontario. The man is charged with seduction.

Judge Archbald
Hearings Are Resumed
WASHINGTON, May 27.—The House judiciary committee today resumed the hearings of charges against Commerce Court Judge Archbald. Another week will be necessary for the taking of testimony. The committee hopes to present the findings before the adjournment of Congress.

WILBUR WRIGHT
RELAPSES AFTER
SOME IMPROVEMENT
DAYTON, May 27.—Wilbur Wright is sinking rapidly, and may not survive the day. The physicians issued the following statement tonight: "We are using heroic measures to prolong his life. There is little hope."

Had Relapsed This Morning
DAYTON, Ohio, May 27.—Wilbur Wright has had a relapse. His condition is again critical and physicians are constantly attending him.

Yesterday, his condition was favorable. He emerged from the delirium of typhoid for awhile, showing some recognition of the voices of friends about him. Indeed his improvement was such as to fortify the hope that the crisis in his disease had passed. His respiration was good.

LORIMER HANGS TO JOB
Vice President Returns to Capital with Refusal of Senator to Resign His Seat

CHICAGO, May 27.—The declaration that Lorimer refused to resign from the senate and that Vice President Sherman carrying such a message to Washington, was made today by the Chicago Tribune. The Tribune says:

"The outcome of the situation apparently is that Lorimer will force his friends at Washington to go to the limit, probably until the eve of the deciding vote, then, perhaps resign."

Vice President Sherman arrived in Chicago Saturday. He rumored that he came to tell Lorimer that a secret senate vote showed that his expulsion is certain.

WASHINGTON, May 27.—Vice President Sherman returned from Chicago yesterday bearing with him Senator Lorimer's refusal to tender his resignation from the Senate before the coming vote to unseat him.

The Vice President also carries a plea from Lorimer to his fellow Senators asking that the vote be postponed until his condition will permit his return to Washington. The Vice President refused to discuss his conference with Lorimer.

TURKEY DENIES POWERS
Will Submit War Matter to Hague but Not to Conference of European Powers

CONSTANTINOPLE, May 27.—It is reported on good authority that Turkey will not agree to a conference of the powers for the settlement of the Italian-Turkish war.

The Turkish government, however, it is announced, will agree to submit the question of the seizure of Tripoli by Italy to The Hague tribunal for arbitration.

DAMAGE ACTION TRIAL STARTS WEDNESDAY

Bert Carpenter's Action For
\$50,000 Against Southern
Counties Gas Co.

INJURY OCCURRED AT LOCAL GAS PLANT

Responsibility For Open Door
Will be One of the Points
at Issue

On Wednesday of this week in the Superior court in Los Angeles will begin the trial of the \$50,000 damage suit brought by Ben Carpenter against the Southern Counties Gas Co.

Carpenter lives at 1003 North Flower street, Santa Ana. He was employed as an operator at the gas works on Main street in this city. One morning when he started to work there was a burst of flame that came from the fact that a door that should have been closed was open. The responsibility for leaving this door open will be one of the points of contention in the trial. Carpenter is said to have alleged that another employee left it open. The other employee denied this assertion, and the company has taken the position that it was Carpenter's business to see that his machinery was in proper order before he attempted to clean out a portion of it, which he had started to do when he was burned.

Carpenter had his face and one arm badly burned. The arm has never recovered from the injury. Members of a lodge of which Carpenter was also a member allowed points of skin to be cut from their arms to be grafted on to the arm of the injured man.

Carpenter is represented by Attorney Drake of Los Angeles. Several witnesses who are to testify during the trial were subpoenaed here today. Carpenter asks for judgment of \$50,000.

100,000 STRIKERS IN LONDON PARADE

Transports and Dockers Take
Part in Biggest Demonstration
by Labor Ever in City

LONDON, May 27.—The strike of 100,000 stevedores and lightermen, which has tied up British shipping, was abruptly ended this afternoon when the warring factions met and adjusted their difficulties. The end was a surprise, as several thousand strikers were being ordered to the waterfront only ten minutes before the settlement was announced. Premier Asquith, and Lloyd George, with President of the Board of Trade Buxton, conferred this afternoon.

Demonstration Yesterday
LONDON, May 27.—One hundred thousand strikers carrying banners paraded the streets of London yesterday afternoon, making the largest labor demonstration ever seen in this city.

It was their way of announcing they will carry their fight of transport workers and dockers for better conditions to the bitter end and to try to blockade all the ports of England. It was Whit Sunday and immense crowds lined the streets through which the long procession passed.

The Amalgamated Society of Watermen, Lightermen and Bargemen joined by the Amalgamated Trades Labor Union and Labor Protection League, held the largest demonstration ever seen in Trafalgar Square. Afterwards they visited various parks, where other sections were holding meetings and passing resolutions with vociferous cheering throughout the country. But it was all orderly and the mounted policemen polling the route had little or nothing to do.

Meanwhile other leaders of the agitation are canvassing the country and holding meetings in an attempt to get assistance from the railway carmen.

ORE FREIGHTERS GUARDED IN MEXICO FROM YAGUIS

TUCSON, May 27.—One hundred armed men from various mining companies are guarding ore freighters from Sonora to points toward the border following the reports that armed bands of Yaquis were waiting to repeat their recent attack resulting in the death of ten freighters, wounding a score. Much anxiety is felt here for fear the Yaquis may succeed and escape with the coin which is part of the shipments. Reserves are held at the border to pursue them if necessary.

WORLD'S RECORD IS MADE BY MARTIN

Santa Ana Flew 4400 Feet
High in His Famous
Hydro-Aeroplane

LANDED SIDWAYS TO HEAVY WIND

Martin's Flying at Balboa Yesterday Thrilled Immense
Crowd of People

Another world's record was broken yesterday by Glenn L. Martin, the Santa Ana aviator. The record was the height record for hydro-aeroplanes. Martin climbed 4400 feet into the sky, which is 800 feet higher than the record set by Hugh Robinson at San Diego. Martin's record yesterday at Balboa was unofficial, but it demonstrated to him that he can go up and get an official record any day that the Aero Club officials will meet him at the Bay.

It was a wonderful flight. Martin is in the habit of making wonderful flights, but his work yesterday in the flight for height was exceptionally worthy of note by students of aviation. A hydro-aeroplane with the pontoon attached is heavier by 100 pounds or more than the ordinary aeroplane, and that additional weight counts as a great deal when a machine is being driven into thin air.

When the bird-man went to Catalina he arose 4,000 feet, thus bettering the official record. It was a week or two after that flight that Martin and his manager, Roy Knabenshue, were looking over aeronautical records, and they found that 3600 feet was the best ever officially recorded. Arrangements are to be made for an official flight this week or next. Aero Club representatives will be on hand to watch the flight. Martin judged his height yesterday by his aneroid barometer, which he always takes with him.

Martin made landings yesterday such as no aviator ever before attempted with a hydro-aeroplane. He landed side on to a heavy wind. The breeze was a twenty-five mile an hour breeze, and the slightest mistake of judgment would have meant a ducking for machine and flyer.

Martin slid into the landing place on Balboa Island with comparative ease. Following the flight for height Martin made three other flights. On one he took a Frenchman, A. Vallet, photographer for the Neater Moving Picture Co., who reeled off several hundred feet of film along the bay and the picturesque shores from Corona Del Mar half way to Laguna Beach.

On another flight a San Franciscan named Bell, who has bought an aeroplane from Martin's factory, was put through some thrills.

Big Crowd There
There was a big crowd of people present. Scores of automobiles were on hand.

The ferry boats were busy all afternoon carrying people across the channel to Balboa Island, where Martin beaches his air-craft. The wings of the machine have been written on by hundreds of people. When Martin landed in Avalon he left his machine in charge of some boatmen, who were unable to keep the crowd from scribbling their names on the cloth. The visitors at Balboa Island have been following suit.

Yesterday at noon Martin was the guest of students and members of the faculty of the College of Oratory, U. S. C.

Among those to congratulate Martin on his flights yesterday was Frank Champion, the Long Beach aviator. Champion came on crutches. He was accidentally shot in one leg while hunting last December. He says he expects to be able to fly again soon.

MRS. FRED FARRAR ARRIVED YESTERDAY IN AMERICA

NEW YORK, May 27.—Mrs. Frederick Farrar, wife of the disgraced clergyman whose appointment as chaplain to the King and Honorary Domestic Chaplain to Queen Alexandra, was concealed last November by King George, arrived in New York yesterday from England.

Richard Harding Davis, the author, and Charles Belmont Davis, her brother, met her at the pier and hurried her away in an automobile to the Davis farm at Mount Kisco.

GARY PLEADS FOR DRAGON FLY

"Swat" the House-Fly but Let the Dragon Fly Alone--It is Enemy To Beneficial Sand Flea

GARY, Ind., May 27.—In the "swat the fly" movement in Gary, the city health board has asked the people to spare all dragon flies. It has been found that the dragon fly is an enemy to the sand flea, the bane of existence in the sand dune city for six years. So rapacious have been the Gary sand fleas that silk hosiery has long been abandoned for a heavier kind to protect the ankles.

It's War to the Death on the Fly.

ROOSEVELT MEN TO FIGHT ROOT— CLAPP SAID TO BE T. R.'S CHOICE

WASHINGTON, May 27.—The Roosevelt men will refuse to accept Elinor Root as temporary chairman of the Republican National convention at Chicago. They plan a stubborn anti-convention fight. It is believed that Senator Clapp of Minnesota will be their choice. This belief was strengthened when Senator Clapp departed for Jersey City to confer with Roosevelt.

Before leaving for Washington Clapp asserted that he had no knowledge of being considered for the convention chairmanship, but he believed that he would be the Roosevelt choice. "I have not been notified that my name is being considered," said Clapp. "I may know something when I meet Roosevelt in Jersey City tonight. I will also speak there. There is no doubt but that Roosevelt will sweep the state."

Ormsby McHarg will conduct the chairmanship fight before the Republican national committee men and Senator Dick will represent Taft. Each will be allowed thirty minutes. Both sides are preparing voluminous documents bearing on the struggle for contested delegates.

ROOSEVELT EXPECTS TO SWEEP NEW JERSEY

MORRISTOWN, N. J., May 27.—Predicting that he will sweep the state in tomorrow's primaries Col. Roosevelt made the first of fourteen

speeches scheduled for today. He returns to Oyster Bay tonight to remain until the Chicago convention.

TAFT DENOUNCES RECALL OF JUDICIARY DECISION

LONG BRANCH, N. J., May 27.—Renewed denouncement of the recall with special references to Col. Roosevelt's proposed recall of judiciary decisions, featured President Taft's address to three thousand workmen at Perth Amboy. As to Roosevelt's personal thrusts, Taft said: "You remember what Roosevelt said regarding me four years ago. He was near right in his opinion then than he is now." He characterized the judiciary decisions recall proposition as a "wild method to attempt to remedy the defect Roosevelt appears to see in the constitution. The proposition would lay the axe at the roots of the trees of liberty."

At Mattawan Taft attacked the third term idea.

HARRY NEW FORMALLY ENGAGES AUDITORIUM FOR THE CONVENTION

CHICAGO, May 27.—Republican Committee Chairman Harry New today formally took possession of the Auditorium where the Republican convention will be held. He said all arrangements for hotel accommodations had been made. He expects three hundred contests for seats in the convention.

FRANKLIN TRIAL TO BE CONTINUED

Case of Star Witness Against
Darrow Will go Over Till
After Darrow Trial

LOS ANGELES, May 27.—Officers connected with the district attorney's office today admitted that the case of Bert Franklin, charged with the bribery of George Lockwood, a prospective McNamara juror, would probably be continued until the Darrow case is completed.

Franklin was scheduled to appear before Judge Hutton today. It is believed that this will be done before the Darrow case is resumed. The move is regarded as significant, as Franklin is expected to be a star witness against Darrow, who is similarly charged.

HONORED DR. ROWELL

Fresno People Gathered by Hundreds to Pay Respect to Memory of Esteemed Mayor

FRESNO, Cal., May 27.—Great crowds gathered at courthouse park yesterday afternoon to pay their last respects to the memory of Dr. Chester Rowley, mayor of Fresno, who died in Los Angeles Thursday.

Among the speakers were Benjamin Ide Wheeler, president of the University of California, acting Mayor Alva E. Snow, Assemblyman W. F. Chandler and Frank H. Short. Dean Earl Wilbur of the Unitarian Theological Seminary at Berkeley presided. The funeral services took place at the First Unitarian Church, where the body lay in state all day before being taken to San Francisco at midnight for cremation.

Phone us your orders. Premium coupons given with all teas, coffees, spices, extracts, also groceries. Prompt delivery any part of city. Sunset Block 151, Home 3733. American Tea Co.

TAFT DENIES U. S. WOULD STEP IN

Cables President Gomez Troops
to go to Cuba Only to Guard
American Lives

BELIEVED HOWEVER U. S. WILL HAVE TO INTERVENE

State Department Continues
Active—Knox in Charge of
Cuban Situation

ELIZABETHTOWN, N. J., May 27.—Assurance that America will not intervene in Cuba was cabled to President Gomez by President Taft. He explained that he was sending marines to Guantanamo merely to protect American lives and property. This assurance was in answer to a protest from President Gomez against intervention, saying the Cuban government had the matter of revolt in hand.

Despite Taft's assurance America would not intervene in Cuba, state department officials declare that the presidential exchange of cables would not affect S. forces unless conditions improve. It is believed that President Gomez's protest was designed for political effect. It is regarded doubtful here whether or not Gomez will be able to restore peace in Cuba. Secretary of State Knox has personally assumed charge of the Cuban situation here.

The text of President Taft's cable was as follows:

"I am sincerely gratified to learn the energetic measures your government is using to put down the disturbances and to know that you are confident of success. As I fully explained to the Cuban charge d'affaires in Washington, the motive of America sending ships to Key West is the same as in sending the naval transport Prairie to Guantanamo, merely to be able to act promptly if unfortunately it became necessary to protect American lives and property, by rendering moral support and assistance to the Cuban government. As was made clear then, these are ordinary precautions entirely disassociated with any question of intervention."

Meanwhile the powerful Third and Fourth divisions of the Atlantic fleet are steaming toward Key West where they are due Wednesday night on Thursday morning.

CUNARD LINE RAISES PAY Senior Officers on All Its Ships to Have Increase in Salary

NEW YORK, May 27.—The Cunard Steamship Line, which has been the model in many things, has taken the lead in increasing the pay of senior officers on all its ships. Substantial advances are to be made.

Hitherto the captain of a great ocean liner, having charge of 3000 passengers and a ship worth six or seven million dollars, has received only \$5000 a year, with a bonus of \$1000 at the end of the year if the year's record was without a flaw.

LOCAL OPTION LAW RULED TO BE CONSTITUTIONAL

SAN FRANCISCO, May 27.—Justice Angellotti and all other justices concurring, sustained the constitutionality of the Wylie local option law in a supreme court decision today. The law was questioned by three Paso Robles saloon men after the town went dry through the efforts of women voters.

FRENCH MEET WITH SERIOUS REVERSE IN MOROCCAN WAR

PARIS, May 27 (5 a. m.).—A serious French reverse is reported from the Moulouya river in Morocco. It is said that a band of Harkas tribesmen fell on 3000 French troops in the dead of night and took them completely by surprise.

The French troops recovered themselves quickly and took the offensive, but not before they had suffered a loss of 200, including some prominent officers. The tribesmen are said to have lost 2000.

Desperate Fight

TANGIER, May 27.—A radiograph from Fes states that 5000 Moroccan tribesmen attacked the capital and desperate fighting took place outside and inside the walls. The battle lasted thirteen hours. Four thousand French reinforcements are marching toward Fes.

HIGH SCHOOL WON 4 TO 3

Benefit Contest For Ralph
Walbridge Was Held Last
Saturday Afternoon

High School, 4; Santa Ana 3.
The above figures tell the story of the benefit game played for Ralph Walbridge, who was severely injured by a thrown ball on May 19 during a game with Whittier.

Although there was not a large crowd at the game, there was a large number of tickets sold.

"Bill" Warren was on the hill for the High School and had everything his own way, holding the town team to no hits in the pinches. The town team scored its runs in the sixth inning on the loose playing of the High School, coupled with a couple of bingles.

The town outfield was poor on fielding or maybe the story would be different.

It was in the ninth that the school boys showed their spirit by filling the bags with a hit or two and a couple of errors. Then Third Sacker Youngman came up and tickled the horsehide for a double, and the game went to the High School by the score of 4 to 3.

The line-up:
High School..... Santa Ana
Warren..... P..... Dubois
Pease..... C..... Stevens
Smith..... 1B..... Luxembourger
Corrillo..... 2B..... Brown
Youngman..... 3B..... West
Duhart..... SS..... McGaffey
Walters..... LF..... Eaton
M. Morrison..... CF..... Gowdy
L. Morrison..... RF..... Mitchell
Umpire—Raney. Scorer—Andrews.

To the Land Buyer

We have Potato, Alfalfa and Citrus Fruit Lands with cheap water in a gravity system which we can sell you as low as \$225.00 per acre, that for location, quality of soil, water conditions and price has no equal in all California.

Why buy land in an undeveloped section when you can buy for the same price or less where you are surrounded by all conveniences such as transportation, towns, schools, churches, etc., right in the heart of high class development land that has been producing and you can see what the production is.

We have opened a 640 acre subdivision just two hours from Los Angeles, one mile from Riverside Electric line. The Ocean to Ocean Highway has been located along the line.

of our land. It is all level. Under-ground cement pipes to each subdivision of 10 or 20 acres. You can go right on this land, turn on the water and plant a crop.

If you will let us show you this land you can see 440 acres of as fine potatoes now growing as you ever saw and we think you will be convinced that one year's crop will pay for the land. Then if you like, you can plant to oranges or lemons at your leisure, as it is surrounded by young groves and bearing orchards as fine as any in California.

This land at the price we are offering it will sell quick. You can save money by dealing direct with the owners, J. F. Balliet and A. M. Jones, 505 Fay Bldg., Los Angeles, Cal. Home Phone A1311, Sunset Main 1193.

HUNTINGTON BEACH JUSTLY PROUD OF WINNING MEDALS

HUNTINGTON BEACH, May 27.—So pleased are the students of the Huntington Beach Union High School with the fine showing made by the school representatives in the annual forensic contest that a neat cabinet has been made by one of the teachers and the four gold medals won have been placed on display.

First places were won by Huntington Beach in the school contest for the greatest total of points, in the declamation contest, in the essay contest and in the oratorical contest. In the latter contest the Huntington Beach representative and the Anaheim representative were tied for first place and the donor of the medal generously agreed to supply an additional medal, thus making it unnecessary to decide the tie by lot. In the only other contest of the day the Huntington Beach representative, Miss Ruth Raymond, received first place on delivery but as it was the story contest, and composition and thought counted more heavily than delivery, she received third place in the final summary.

The winning contestants for Huntington Beach were Leonard Livernash in the oratorical contest, Miss Florence Larter in the essay contest and Miss Florence Grant in the declamation contest.

It is believed here that this is the first time that any of the schools has been successful in winning four medals in any contest and as Huntington Beach is the smallest high school in the county the students and faculty as well as correspondingly pleased.

The annual visitors' day of Huntington Beach Union High School was held Friday afternoon with an attendance of about two hundred and fifty grammar school pupils representing nine grammar schools in this section of the county. The schools represented were Bolsa, Fairview, Newport Beach, Harper, Fountain Valley, Ocean View, Westminster and Huntington Beach.

Exhibits of high school and grammar school work were shown in the various rooms of the high school building. Contests in the morning were held in the following subjects: best school exhibit, ciphering, mental arithmetic, declamation, composition, spelling. In the afternoon a track meet was held. The morning contest resulted in a victory for the Westminster school. Huntington Beach was second, Harper and Ocean View tied for third.

The track meet was won by Fountain Valley, Huntington Beach second, Ocean View third, Newport Beach fourth.

Stuphen and Wm. Hinckle of Riverside were their guests while here.

P. T. Evans and son, W. Carey Evans, are occupying their cottage on Surf avenue for a short time. They have just returned from a trip to the Panama canal on the steamer Sonoma. Mr. Evans being the representative of the Newport Beach Chamber of Commerce on the excursion.

Members of Station "A" of the South Coast Yacht Club are in receipt of the summer program of the club, and in accordance therewith, three meetings will be held at East Newport during this summer, in June, July and August. There will be a dance in the club house at each session, and boat races in Newport Bay.

FINISHING WORK ON NEW BUILDING

Newport News: S. R. Jumper is rushing the interior work of the Schnitzer block to completion in order that it will be ready for occupancy on June 1. The corner room on the floor by front will be occupied by Mr. Schnitzer himself with his drug store. Walter Trickey's grocery will take the next room west and Henry Stark's poolroom will take the room built across the rear end. Mrs. Wilson's restaurant will move into the room vacated by Mr. Schnitzer. O'Meara's bakery will put in a retail store where the restaurant now is and T. O. McElroy will occupy Trickey's present stand with his dry goods store.

The State Bank of Newport now has its new building in order and has a building which is a credit to the city. The interior is finished in Spanish cedar which looks better than mahogany.

John King left Friday for an extended trip to the South Sea Islands and Australia. He expects to be gone about three months.

HIT BY BICYCLISTS INSPECTOR INJURED

Building Inspector H. H. Roper was severely shaken up and bruised this morning when he was struck in the back and knocked down by a bicycle on which two youths were riding. The accident occurred at the corner of Third and Main. Roper walked into the city hall, and was taken home in an automobile. He does not know the names of the bicyclists.

Meekah's Kingdom Meeting.
The period in which sin is permitted has been a dark night to humanity; never to be forgotten; but the glorious day of righteousness and divine favor, to be ushered in by Meekah. He as the **SUN OF RIGHTEOUSNESS**, shall arise and shine fully and clearly into and upon all, bringing healing and blessing, will more than counterbalance the dreadful night of weeping, sighing, pain, sickness and death, in which the groaning creation has been so long. "Weeping may endure for a night but joy cometh in the MORNING."

For further LIGHT on the coming Kingdom send thirty-five cents for the Helping Hand for Bible Students, entitled, "THE KINGDOM COME." Bible and Tract Society, 37 Hilda Street, Brooklyn, N. Y.

Bicycle Smashed.
An automobile driven by J. D. Thomas accidentally struck a bicycle ridden by Francis Montgomery, a messenger boy, at the corner of Fourth and Main this morning. The boy was thrown but was not hurt. The bicycle was smashed.

PREPARE FOR SCHOOL CLOSE

Final Examinations of County
Grades Are to be Held on
June 4, 5 and 6

Students of the Sixth, Seventh and Eighth Grades of the county schools are preparing themselves for the final examinations to be given by the county board of education on June 4, 5 and 6. These examinations will be the last of the three given during the school year. The tests will be given in all of the schools of the county except Santa Ana, which is under the jurisdiction of the city board of education.

The county schools are to close on June 7 and will open for the fall term probably on September 16. The Santa Ana schools are to close on June 14.

DON'T PULL OUT THE GRAY HAIRS

A Few Applications of a Simple
Remedy Will Bring Back
the Natural Color.

"Pull out one gray hair and a dozen will take its place" is an old saying, which is, to a great extent, true, if no steps are taken to stop the cause. When gray hairs appear it is a sign that Nature needs assistance. It is Nature's call for help. Gray hair, dull, lifeless hair, or hair that is falling out, is not necessarily a sign of advancing age, for there are thousands of elderly people with perfect heads of hair without a single streak of gray.

When gray hairs come, or when the hair seems to be lifeless or dead, some good, reliable hair-restoring treatment should be resorted to at once. Specialists say that one of the best preparations to use is the old-fashioned "sage tea" which our grandparents used. The best preparation of this kind is Wyeth's Sage and Sulphur Hair Remedy, a preparation of domestic sage and sulphur, scientifically compounded with later discovered hair tonics and stimulants, the whole mixture being carefully balanced and tested by experts.

Wyeth's Sage and Sulphur is clean and wholesome and perfectly harmless. It refreshes dry, parched hair, removes dandruff and gradually restores faded or gray hair to its natural color. Don't delay another minute. Start using Wyeth's Sage and Sulphur at once and see what a difference a few days' treatment will make in your hair.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

Y. M. C. A. ANNOUNCEMENT

On Wednesday at 7 p. m., in the Presbyterian church an important business meeting of the Y. M. C. A. of Santa Ana will be held. The vote on the special amendments to add a boys' department to the association, will be taken. At 7:30 in the same church, stereopticon views of the Y. M. C. A. camp will be explained by "Snooks," "Toby," "Harry," "Lou," and others, who have been there. Boys and parents are invited.

NEW YORK PLANS 400 "SAFE AND SANE" CELEBRATIONS ON JULY 4

\$100,000 Being Raised for Purpose--161 Cities Sane Last Year--New Jersey To Begin War on "Skeeters"

NEW YORK, May 25.—Agitation for a "safe and sane Fourth" this year has already begun. Plans are being made by the Fourth of July committee appointed by Mayor Meyer to substitute quiet and sane means for glorifying on Independence Day and a fund of \$100,000 is being raised to insure the bringing of these plans into effect.

Four hundred celebrations will be conducted by the committee in various parts of New York and its boroughs. Half of the amount needed by the committee will be appropriated by the Board of Aldermen while the remainder will be raised by popular subscription.

According to pamphlets which the committee has issued, 6000 persons have been saved from death and injury during the last three years as a result of the "Safe Fourth" agitation. In 1900, according to the pamphlet, 20 cities had "safe fourths" and reports from all parts of the country showed that 5307 persons were killed and injured. In 1910, 91 cities took up the agitation and the dead and injured was reduced to 2923 persons. Last year, the number of cities increased to 161 and the killed and injured was reduced to 1603. This year, according to Herman Ridder, president of the Fourth of July Committee of the city of New York, more than 300 cities will participate in the "safe and sane celebration" plan and he predicted that the number of fatalities would be below a thousand.

The old custom of "reading the declaration of independence" which was revived here a few years ago, will again be followed this year. Historical celebrations and pageants in the five boroughs composing New York will also be held fittingly commemorating the birth of American Liberty.

It is also planned to hold twenty great athletic meets for the benefit of the children and band concerts and public fireworks in various parts of

the city will be given for the benefit of the grownups. Previous to the Fourth, celebrations will be held in the various schools to teach the children of New York patriotism.

War on Jersey "skeeters" has been declared. Out on the broad meadows on the Jersey shore men with oil cans are chasing the songsters while in the public schools, the famous New Jersey pest is being held up for ridicule in the public schools before the school children through the aid of moving pictures. A reward of 50 cents for each new mosquito breeding place has been offered and as fast as the wily insects are found oil is poured over their nesting places. The Essex county Mosquito Extermination commission is in charge of the work around Montclair, N. J., aided by young men from the Massachusetts Institute of Technology. A fund of nearly \$80,000 has been provided for the work.

The gift of \$25,000 by Cyrus H. McCormick to the Princeton championship football eleven has started furious speculation among students as to what the men will do with the money and more especially what President Hibben's attitude may be to what is called the "capitalization" of a winning team. The new president has repeatedly voiced his sympathy with the athletic development of the college, but it is equally well known that he is an avowed enemy of commercialized sport and it was feared he might see in McCormick's gift the entering wedge of so-called professionalism. Cyrus H. McCormick, of the class of '79 is known in the business world as the head of the Harvester Trust, but he is better known as Princeton as the father of Cy McCormick, '12, the giant right guard on the team that won the championship of the East for the first time since John DeWitt led his team to victory in 1903.

WOMEN TRUE BOOSTERS SAYS L. E. BEHYMER OF LOS ANGELES

Impresario Praises Civic Spirit of St. Paul Women--Appeals to Los Angeles Women to Secure Civic Center

That women are the real inspiration for many of the striking municipal improvements and movements over the country was asserted by L. E. Behymer, the well known impresario of Los Angeles, in an appeal to the women of that city to boost the bringing about of a civic center for Los Angeles. He talked before the Friday Morning Club last Friday, saying in his characteristic way:

"The women's clubs will be the most potent factor in bringing about a civic center for Los Angeles. If you wait for us boys to do it, believe me 'twill never come."

He told about the big convention auditoriums in other cities which he had seen at St. Paul, Denver and Kansas City.

"We don't need a municipal theater yet," he observed in the course of his address. "No city in America today is quite ready for the municipal theater; it has been a failure wherever tried, owing to graft and politics. If we wait too long to secure our municipal auditorium we may do as Chicago did and pay \$225,000,000 for our civic center—or as Cleveland did when she paid \$1,000,000 and a half millions for six small squares for a civic center. Now is

the time to secure our site and our buildings."

Mr. Behymer told about St. Paul's splendid auditorium, built from the inspiration of a few public-spirited and level-headed women who suggested that the fiftieth anniversary of that city would be better celebrated by building this substantial monument than by the display of fireworks, street parades and the throwing of confetti.

When the mayor of Denver found that the general public couldn't, to have its life, sing the words of the second and third and thereafter verses of such supposedly familiar songs as "America" and "The Star Spangled Banner," he had slides

THE VALUE OF MUNICIPAL AUDITORIUMS DESCRIBED

Mr. Behymer told interesting facts concerning the famous convention auditorium in Denver, where free concerts and entertainments are given three times a week—educational moving picture shows minus the contaminating features, and popular concerts at every one of which the people themselves join in singing patriotic songs.

When the mayor of Denver found that the general public couldn't, to have its life, sing the words of the second and third and thereafter verses of such supposedly familiar songs as "America" and "The Star Spangled Banner," he had slides

SOMETHING DOING IN SAN JACINTO TOWN

Whole population surprised. Entire business district of San Jacinto aflame with flags, pennants and banners announcing the dawn of the New San Jacinto. Decoration takes place at night after closing hours. One feature of the display is an artistically colored banner, five feet wide and over fifty feet long, strung across the main street, bearing the words, "Welcome, San Jacinto Board of Trade." There are hundreds of pennants and flags fluttering from doorways and windows everywhere.

The recent water discovery and development at the foot of Mt. San Jacinto, near by, has aroused the whole country around. The great beauty and rare fertility of the valley dates back to the government's first geological survey, but like many other sections of the country in times gone by, the scarcity of water prevented its full development. The new water condition, however, has changed the entire situation. High-class farming in all of its branches is now possible upon every foot of these particularly choice lands.

It is this valley's turn now, and it

will be interesting to watch it. If the past few months, with its thrill and flip-flops, are any criterion to go by, San Jacinto will give an account of itself that will not soon be forgotten. The new resort hotel being erected by Mr. Vosburg on Central avenue is going up rapidly. According to contract, it must be completed in one hundred days from date of beginning work.

The new electric light and power system, which circulates through the whole valley, has just been completed. The current will be turned on the first of the coming month. Mr. Knowlton's foreman says he expects to get two tons of alfalfa per acre at each of the seven cuttings this season from his hundred-acre ranch on Mountain avenue. Two hundred tons per single cutting would mean 1400 tons for the season, or \$28,000.00 for the crop. If the present price of \$20.00 is maintained. These figures would no doubt make the back East farmer dizzy, but to the California rancher it means only an average production where anything like correct methods are employed.

Hill, Carden & Co.
112 W. 4th St

made containing all the words of all the verses of these and other patriotic and familiar hymns and issued an edict that at every Saturday and Sunday concert the words should be thrown on a screen and at least two of the songs should be sung by the audience. The result is that practically every resident of Denver knows every word in every verse of every patriotic song which has been written for this home of the free and land of the brave. I wonder, can all adult Angelenos do the same? I doubt it—but I know the school children can. They demonstrated that last week at their choral concerts at the Auditorium.

When Mme. Schumann-Heink was in Denver she went incog to one of these popular concerts and was so impressed that she begged the mayor to allow her to sing there free of charge for the people. No artist receives more than \$10 for an appearance at these municipal concerts, and Mme. Schumann-Heink sang for a bunch of flowers and the cost of a carriage to and from the auditorium. The income from rentals pays all running expenses. Denver has a population of 250,000 and her civic center cost \$25,000,000—the same sum we are paying for our Owens river water supply.

NATURE TELLS YOU As Many a Santa Ana Reader Knows Too Well

When the kidneys are weak, Nature tells you about it. The urine is nature's index. Infrequent or too frequent passage. Other disorders suggest kidney ills. Doan's Kidney Pills are for disordered kidneys.

Santa Ana people testify to their worth. I. W. Parsons, 402 W. Fourth St. Santa Ana, Cal., says: "Several years have passed since I first publicly recommended Doan's Kidney Pills and now, as I did at that time, I claim that they are the best kidney medicine on the market. I have used them off and on as occasion has required and have never failed to get relief. Some time ago the kidney secretions became too frequent in passage and caused me annoyance. I commenced taking Doan's Kidney Pills, procured at Doan's Drug Store (now Wheeler & Mateer's Drug Store) and the contents of one box greatly strengthened my kidneys."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

FOOT WAS CRUSHED UNDER ELECTRIC CAR

Santa Ana Plumber Suffered Injury Changing Cars at Huntington Beach

Ernest E. Wood, the plumber, had his left foot crushed by an electric car wheel at Huntington Beach about 7:15 o'clock last night. The foot was amputated in front of the heel, the toes and part of the instep having been frightfully crushed.

Wood was returning from Balboa, where he went to see Martin Ry. Two cars from Balboa and Newport Beach were jammed full. At Huntington Beach extra cars were found and those who were standing or hanging on to the two cars got off to change to the extras. Some of the passengers went up the track to meet the incoming extras. Wood was one of them. In the rush to catch the cars, Wood's attempt to climb on was interfered with. He was bumped by some other men, and his left foot was thrown under the car, and one wheel passed over it.

Wood was brought into Santa Ana and was taken to the Santa Ana Hospital, where amputation of the forward part of the foot was found necessary.

Just in several dozen of the latest things in Sunglows Note—a handsome line to choose from—St. Charles, 510-516 North Main St.

HIDDEN TREASURE

An Ancient Church That is Said to Guard a Precious Secret. A small building popularly known as "The Church of Hidden Treasure" stands in the little town of Balboa, N. M. During the Mexican war many of the richest families in the neighborhood hid their gold and valuables in all sorts of curious places.

Senor Sandoval, a very rich landowner, chose the thick walls of the village church as his treasure vault, according to a writer in the Wide World, and tradition says that the precious hoard has never been removed.

Only a few years ago several groups of men, armed with pickaxes, crowbars and other implements, besieged the place in search of the fabulous wealth said to be concealed somewhere on the premises. The treasure is believed to be contained in a large wooden chest, such as most of the wealthy Mexicans formerly possessed. It is claimed that the box contained thousands of dollars in gold, besides emeralds, diamonds and pearls, set in pure native gold.

The Sandoval family, however, guard the place most carefully, while they in turn are jealously watched to see that they do not disturb the church property. Bold and daring plans are sometimes laid, but nothing seems to come of them, and the ancient building still guards its precious secret.

CHEMICALS IN WOOD.

Why Timber Cut in Winter is Better Than That Cut in Summer.

Timber cut in spring and in summer is not so durable as that cut in winter. The durability depends not only upon the greater or less density, but also upon the presence of certain chemical constituents in the wood.

Thus a large proportion of resinous matter increases the durability, while the presence of easily soluble carbohydrates diminishes it considerably.

During the growing season the wood of trees contains sulphuric acid and potassium, both of which are solvents of carbohydrates, starch, resins and gums. They are known to soften also the lignous tissue to a considerable degree.

During the summer months the wood of living trees contains eight times as much sulphuric acid and five times as much potassium as it does during the winter months. The presence of these two chemical substances during the growing season constitutes the chief factor in dissolving the natural preservatives within the wood and in preparing the wood for the different kinds of wood destroying fungi—Scientific American.

An Age of Great Gamblers. The eighteenth century was the age of the great gamblers. On Feb. 6, 1772, there was a debate in the house of commons on the thirty-nine articles, and it was noticed that Fox spoke very indifferently.

Horace Walpole suggests an explanation: "He had sat up playing at hazard at Almack's from Tuesday evening, the 4th, till 5 in the afternoon of Wednesday, 5th. An hour before he had recovered \$12,000 that he had lost, and by dinner, which was at 5 o'clock, he had ended losing \$11,000. On the Thursday he spoke in the above debate, went to dinner at 11:30 at night, from there to White's, when he drank till 7 the next morning; thence to Almack's, where he won \$8,000, and between 8 and 4 in the afternoon he set out for Newmarket."—London Chronicle.

A Blade of Grass.

As an English writer has written: "Whenever you can find a single blade of grass, however small, there you stand face to face with the mystery of life and all the responsibilities of existence. It is of more interest than many of the stars, for, if astronomy is right, some stars are ceaselessly burning, and therefore, beautiful as they are from a distance, life upon them (in the sense in which we understand life) is impossible. The roots of the humblest blade of grass go down to the beginning of life in the world, and its tip points to the sky. If you should chance to find a blade of grass withering in a rocky place carry it a little water for the sake of the thoughts that spring from it."

Horrible Examples. Slang not only becomes English, but sound English becomes slang. When Lander was reading "Aurora Leigh" he wrote to John Forster that it was a great poem, "but there are a few lines on its surface." From that it is some distance to the contemporary lyric:

There are no flies on me.
There may be on you
A bushel or two.
There are no flies on me.

So when the poet Healey complained "there is a wheel within my head" he little knew what a horrible future his metaphor was to see.—Callier's.

For Appearance's Sake. Hub (suddenly waking at midnight): What in the world was that noise? Wife (entering room)—It's all right, dear. The people are coming home from the opera, and I slipped down and gave the front door a kick, so the neighbors would think we were there.—Boston Transcript.

Hereditary. "Is genius hereditary?" asks a scientific journal.

An editor replies: "We have not time to investigate the subject, but we are inclined to think that it is. At all events our youngsters are wonderfully smart."

Gold is proved with ore, diamonds in need.—Danish.

Would any price take these old photographs of dear ones, taken long ago? Possibility will cherish yours, too. Think about it. There is a photographer here. See Nichols.

Doings In Social and Club Circles

SPENT DAY AT BALBOA

Santa Anas Picnicked at the Seaside to Witness the Glenn Martin Flights

The glorious day drew hundreds of Santa Anas to Balboa yesterday to witness the flights of Glenn Martin, the now famous aviator whom Santa Ana claims as her own. The cars on the Pacific Highway were crowded, automobiles, carriages and wheels lined the highways to the ocean, and many picnic parties were made up, for the day, people taking loaded lunch baskets and providing for a day's pleasure at the seaside.

The outings were completely successful. The aviator dived the crowds with his flights in the air and his skimming of the water, the sea was irresistibly lovely, the air was bracing and exhilarating and all the conditions conspired to render the day a truly delightful one.

The successful flyer was the guest at a dinner tendered him by the College of Oratory of U. S. C., the function taking place at Balboa. Others followed their own inclinations and picnicked along the beach or dined at the hotels and cafes.

Important W. C. T. U. Meeting. The W. C. T. U. will meet on Tuesday at 2:30 at the home of Mrs. S. M. Davis, 1235 French street.

The subject of "Medical Temperance" will be under discussion, and will be made more interesting by a talk from Dr. C. D. Hall on "Preventive Medicine."

Medical temperance study is rightly considered by the W. C. T. U. as one of the most important of its departments, as the question of use of alcohol as medicine is one that is perpetually coming up in the home. So it is of vital interest to the mother as the presiding genius of the household. In the home, where illness is to be met in the family, the mother should be thoroughly posted as to the effect of alcohol on the liver, kidneys, and in fact, the whole system, before she should resort to its use as a medicinal agent. She should be right up on the latest findings of science before she gives so dangerous a remedy to her children in their illness.

In view of the importance of the subject, every mother who can possibly do so, should attend tomorrow's meeting, to which the public is cordially invited.

Monday Club. The Monday Club will meet tonight at 8 o'clock at the Library Hall. Mr. W. W. McCormack, president of the Orange County Business College, will read the paper, Subject, "Practical Education."

On two evenings of next week the Conservatory is to be "at home" to all its patrons, past, present and prospective, and also to the general public. We wish in this way to extend to all a most cordial invitation. We cannot announce the dates this evening, but expect to do so tomorrow. So please watch for them. 504 1/2 North Main street. Main 214.

CO-ED WINS HONOR IN WISCONSIN FOR ATHLETIC SKILL

CHICAGO, May 27.—The athletic prowess of Miss Edith Tomhagan, daughter of Dr. and Mrs. J. A. Tomhagan of 4233 North Hermitage avenue, has won recognition such as is seldom awarded co-eds in universities.

Two weeks ago Miss Tomhagan received a "W" for special work in athletics at the University of Wisconsin.

Miss Tomhagan has won recognition by her swimming, racing and jumping, boating and even baseball.

The following young ladies were the guests of Miss Dorothy Twist at an over Saturday and Sunday house party at East Newport, with Miss Seely, High School Latin teacher, as chaperon: Misses Luma Yarnell, Rhosha, Violet Twist, Dicie Perkins, Wilhelmina Cavins, Jennie Robertson.

Dr. Baer's Splendid Talk. Dr. John Willis Baer, president of Occidental College, was the guest of Rev. J. A. Stevenson last Sunday, filling the pulpit of the First Presbyterian Church.

Dr. Baer was greeted by a crowded house, and an attentive hearing. He talked of his college with the fervor of a man who believes thoroughly in the excellence of the school he represents. He scored superficial education and declared that the slogan of Occidental College is and shall be: Culture, citizenship and Christianity.

Dr. Baer's talk was uncompromisingly for the square deal in education and business, purity in the home.

MONTHLY BANQUET WEDNESDAY EVENING

The monthly meeting of the Associated Chambers of Commerce of Orange County will be held at Wednesday evening, May 31st, at the Hotel Monterey. The banquet will be served at 7 o'clock. All of those who expect to attend from Santa Ana are requested to notify J. C. Metzgar, secretary of the Santa Ana Chamber of Commerce, at once.

Notice to Maecabees. At the regular meeting Monday night, May 27, the campaign for new members which has been carried on by the Deputy Grand Commander, E. L. Bumpus, will be brought to a close. Applications will be presented and a large class admitted at the meeting. A full attendance is desired. Banquet will be served.

R. R. DICKINSON, Commander.

OPENING DANCE

A Grand Opening Dance will be held in Campbell's new hall in Orange next Friday night, May 31st, with excellent music by a six-piece orchestra. All invited. Admission 50c.

Wear Voice from Doorway—"My dear air, I have absolutely no objection to your coming here and sitting up half the night with my daughter, nor to your standing on the doorstep for three hours bidding her good night; but in consideration for the rest of the family who wish to get to sleep, will you kindly take your elbow off the bell push?"

EBELL SOCIETY

Interesting Meeting Saturday Last—Delegates to State Federation Reported

On Saturday afternoon the Ebells met in regular session in Elks' Hall with the president, Mrs. A. J. Crookshank, presiding. The regular reports of the secretary, treasurer and corresponding secretary were given, also the annual reports of the Day Nursery. A rising vote of thanks was given to the pastors and teachers for their kindness in donating to the nursery the proceeds from the ball game, amounting to \$155.

The delegates to the State Federation at Peas, Robles, Mrs. A. J. Crookshank and Mrs. S. M. Davis gave most interesting reports. Special interest was shown during the sessions there in progressive legislation as a number of bills came up for discussion.

The Ebells were honored by the election of Mrs. E. M. Nealley as delegate-at-large to the Biennial at San Francisco in June. A letter from the General Federation was read.

Then followed the discussion of plans for the garden party to be held June 21 at the home of Mrs. Henry Rutherford.

Much enthusiasm is being shown regarding this social affair, which is in charge of the executive committee. A number of the usual features will be in evidence and many new ones added.

Following the business session a fine musical program was presented by the Music Section assisted by Mr. C. Percival Garratt and Mr. Percy Rice.

The program included a vocal solo, "There Stands a Bird on Every Tree" (Arthur Foote) sung by Miss Mary Wakeham, accompanied by Miss McFadden; a piano solo, "Caprice Espagnol," Miss Kasea Bailey; vocal solo, "Spring Has Come," Mrs. Theo. Winblier; piano solos: (a) Waltz (Chopin), (b) Griller (Whims); vocal solo: (a) Day Dreams, (b) Serenade (Nevins), Mrs. Jas. S. Rice, accompanied on the piano by Mrs. A. J. Padgham and by Percy Rice on the violin; piano solo, "Il Travatore" (Puccini), Mr. Garratt; responding to an encore with one of his own compositions, "Murmuring Zephyrs," violin solo: (a) Cavatina (Roff), (b) Original composition, Percy Rice, with Mrs. A. J. Padgham, accompanist; piano solo, Dewdrops (Garratt), C. Percival Garratt.

Drinking Water. Our physical well being would be greatly increased if we would drink a large glass of water immediately on arising and again on retiring. The morning glass may be of hot water to advantage. Then take another large glassful between breakfast and dinner and another between dinner and supper. Encourage the water drinking habit in the children as well as in yourself, for thereby the eliminating processes of the body are satisfactorily carried on.

DIED

HURST—In Santa Ana, May 26, 1912. Andrew Jackson Hurst, aged 66 years.

Funeral, Monday afternoon, May 27, from Salvation Army headquarters at Bynum street between Fourth and Fifth streets.

Mr. Hurst was the proprietor of a tent grocery on West First street.

BLY—In Los Angeles, Sunday, May 26, 1912. Mrs. Bly, formerly Mrs. Nannie Teague of Santa Ana.

Funeral, Tuesday, May 28, 1912, at 3 p. m., at No. 225 East Twenty-eighth street, Los Angeles.

Mrs. Bly was formerly well known here and is a member of the Santa Ana Rebekah lodge.

BORN

SUMMERS—At Myford, on May 24, 1912, to Mr. and Mrs. Otto Summers, a daughter.

HADLEY—At Tustin, on May 26, 1912, to Mr. and Mrs. Albert Hadley, a son.

BURNS—In Santa Ana at the home of Mr. and Mrs. E. R. Curtis, 223 South Main, May 27, 1912, to Mr. and Mrs. A. Burns, a nine pound daughter. Mrs. Burns was Miss Ethel Curtis.

Personals

Richard Marple was host yesterday to an automobile party, taking a spin to Laguna Beach for an out-of-door luncheon, later going to San Juan Capistrano Mission.

Miss Anne Robinson rode down on horseback from Trabuco Saturday for an over Sunday visit with relatives here.

Mrs. J. C. Franklin went to Los Angeles this morning to visit her son, Kelly Franklin.

Miss Mattie Ritchie spent the day in Los Angeles.

James Willis Rice caught an early Los Angeles car this morning. The Misses Armstrong of Old Newport passed through Santa Ana this morning en route to Los Angeles.

Mr. and Mrs. A. E. Hawley came up from their cottage at Newport Beach this forenoon.

Mr. and Mrs. C. F. Grim and daughters, Mary and Ruth, of Anaheim, and Miss Florence Yoch, of Santa Ana, formed an automobile party to Newport Beach yesterday.

Mrs. Clara Cashey and little son were over Sunday guests of Mr. and Mrs. L. P. Hickox.

Mrs. Alec Lacy is making a week's stay in Santa Ana. She is at the Lacy House.

Mrs. Emma Forgy has gone to Long Beach to spend the summer, leaving here today.

Dr. Shaul is having a visit from his brother, Dr. H. Shaul of Rossmore, N. Y. He is charmed with Southern California and may remove here.

Fisherman's Pluck. In the Catskill foothills, a New York traveling man who was making a trip overland passed a man who was fishing with hook and line in a small stream. As the drummer drove by in a buggy, the man never took his eyes off the bobber in the water.

When the traveling man returned late in the afternoon, he was surprised to see the man at the same position, with his eyes glued on the bobber.

"Hello, uncle!" he shouted. "Any luck today?"

Without taking his gaze off the cork which rested on the surface of the placid stream, the man replied: "Had a nibble 'long about noon."

Judge's Library.

Too Late to Classify

TO AUTOMOBILE STUDENTS—To succeed in this business you need to have a thorough theoretical as well as practical knowledge of the mechanism of the automobile. The I. C. S. course in Automobile Running is complete in every detail and many have learned this business from the bound volumes which come with the course. I have the new volume of this course, for sale cheap. \$3.00 for the two handsomely bound books, worth at least \$10.00 to anyone studying the automobile. H. Henshaw, Register office.

FOR SALE—At a sacrifice to close out entire chicken outfit consisting of incubators, brooders and portable houses, with light spring wagon, 20 White Minorca pullets, 75c each; also house 2x2x2 could be moved off. 1516 West Second St. Red 4508.

WANTED—Men and boys to pull weeds. Good wages. Good wages. One mile southeast Smelter. Home phone 147. J. M. Hall, Huntington beach.

FOR SALE—Ford runabout, with tonneau. Good condition. Mercersburg, 1502 West Fifth.

QUICK BATH IS A NECESSITY

Receptacle Should be Placed Where Sun Will Strike It as Fowls Will Use It Often

(By N. E. Chapman, Minnesota.)

In every poultry house there should be a dust-bath, where the hens may get rid of lice. Poultry-lice breathe through pores in their sides, and fine dust fills these pores and suffocates the vermin. Road-dust, hard-coal ashes, or dry dirt of any kind, will accomplish the purpose. Wood ashes, if damp, may stain the feathers and otherwise harm the fowls. A tight box, three feet by three feet and one foot deep, is a good receptacle for the dust. It should be placed where the sun can shine on it, as many hours as possible; for, when the hens are not exercising by scratching for their feed, they will spend a good deal of time in the dust-bath, which induces exercise. The hens will not use the bath freely unless the air is warm, for they dislike to open their feathers and expose their bodies to air below 60 degrees. One end of the box may be put on the window-sill, and the other supported on legs, with a canopy of denim or duck, open on one side and toward the window. This will confine the heat, and make the temperature in the box many degrees higher than the temperature of the house. The canopy should slant down from the upper part of the window, of course, and be closed up on all sides, so that there will be no draft to carry off the heated air. Such a dust-bath can be easily and cheaply made and will add much to the health and happiness of the hen. The hen that is comfortable is the one that makes money for her owner.

Pairing Off. On the morning of election a farmer came to Hiram Morse's blacksmith shop to have his horse shod.

"Furty busy this mornin', Bill?" inquired Morse, as he raked the embers together on the forge.

"Yep," answered Bill. "Hain't got hardly time ter go ter th' village and vote."

"Wall, I'm purty busy myself," said Morse casually. "I'll tell yer what we'll do," he added, after a moment's thought. "Long's yer a Republican an' I'm a Democrat, we'll pair off, jest as they do in Congress, an' neither of us will vote. What do yer say?"

Bill agreed to the proposition, but after election it was found that the blacksmith had paired off with every Republican customer who had come into his shop.—Metropolitan Magazine.

What Became of Them? The other day little Philip wanted a pair of rubber boots. Father tried to reason him out of it, but the youngster persisted in his demand. Finally papa told him a little story—

once he had read in the newspaper. The boy was all attention and the story proceeded:

"A little boy in Baltimore had been given a pair of rubber boots by his father. He waded in the water with them—water ran over the tops of the boots—boy took cold—mother put his feet in hot water—grew worse—doctor came—little boy died—undertaker—funeral."

The small boy listened attentively to the end of the story, and the father was congratulating himself on the impression he had made, when, with a long breath, Philip asked: "What did they do with the boots?"

—Nations Monthly.

Wear correctly fitting glasses made by Dr. Loersch, 116 East Fourth street.

He Stuttered, Too. Three strangers were in the Pullman smoker, when one of them turned to another and asked:

"How far is it to P-P-Pittsburgh?"

The man addressed made no reply, but got up and left the car. The stuttermen then turned to the third man, who gave him the desired information.

A few moments afterward the third man met the one who had left the car and said:

"See here! Why did you go out without answering, when that man asked you a civil question?"

"D-D-Do you think I-w-wanted to g-g-get m-my head knocked off?"

ARIZONA SEEKS TO FORCE INSURANCE COMPANY TO INVEST

PHOENIX, Ariz., May 27.—Signifying his intention of rejuvenating the fight for compulsory investment by insurance companies of a portion of their reserve funds, Senator Davis introduced a bill providing for an occupation tax on insurance companies, including a provision for such an investment. It is believed this is the first bill of the kind introduced in any legislature west of the Mississippi.

AMUSEMENTS

"THE TOWN'S GONE DRY"

Two refined gentlemen, Roberts and Perry, well known the country over, have arrived in Santa Ana, and will remain for three days. These men, during their stop-over in our city, will hold public meetings each night and will endeavor to prove that "The Town's Gone Dry," a title to a most laughable comedy number in the vaudeville line, at The Bell for Monday, Tuesday and Wednesday nights. Roberts and Perry are well known comedians, who are certain to please The Bell crowds. The picture program for the above nights is far above the average, with drama, comedy and one of those, at all times acceptable, Pathe Weeklies, with many of the most important events of the day. Don't miss the opportunity of seeing this splendid entertainment at The Bell.

O'er Hill and Dell

—This is the time of year everybody has thoughts of green hills and flowered plain. The way to enjoy them is to have a good comfortable Automobile, "one that gets there and back." If you own an "Imperial" you can go and have one round of pleasure, as you are safe to get back. This auto takes to the hills or desert and like a native born to either. Heavy work for the engine causes no water spout from the radiator. The water keeps as cool as the "Chaffeur." The springs on our car are more comfortable than the cool mountain spring on a hot day when the fish refuse bait. Everything about this car is so constructed that in any of the minor accidents that can occur an amateur could remedy in short order and continue his journey. If you want to take a trip and are in the market for an automobile call and see Thelan at the Guarantee Garage, Second and Bush streets, Santa Ana.

ARRANGING FOR JOINT CARNIVAL

Orange News.—Active work in preparation for the Pythian-M. & M. Carnival, which begins June 4th and continues to the 8th, has been begun, and from present indications, when the big show opens, there will be a fine display of local exhibits in addition to an extra attractive line of carnival entertainment.

The carnival is to be given under a big new canvas, which is 180 feet long and 80 feet wide. Display spaces ten feet square are being sold to local exhibitors, and the most of the leading business firms will be represented in this exhibit. One of the especially attractive features will be the automobile exhibit.

Bills are now being posted to advertise the carnival, and the Pythians and merchants are looking for a very lively week. The carnival company comes here with excellent recommendations from Riverside and Fullerton, where it has recently been given.

Concordia Society. An excellent entertainment was accorded a large crowd at the German school last evening, where a program was presented by the Concordia Society that compared most favorably with anything that they have yet given.

The Concordia Society is an organization that is prominent in the social activities of the German congregation. It contains a number of good musicians and readers who often combine their talents for the benefit and entertainment of their friends and associates. Last night's program was one of their best efforts.

The program consisted of numbers both in English and German, and included several brilliant features. The three little Dierker girls in the piano trio provided one of the most delightful numbers. The dialogue, "Der Studentenreich," was another number that was well received.

THE GRACE OF GOD; TWO PENTECOSTS

One For the Church, the Other For the World.

Pastor Russell in Chicago Took For His Text, "The Grace of God Which Bringeth Salvation Hath Appeared For All Men" (Titus II, 11)—Corrects a Common Error Regarding the Fate of the Non-elect.

Chicago, May 26th.—Pastor Russell gave two addresses here today. We report one of his addresses, on "Pentecostal Blessings," from the text: "The grace of God which bringeth salvation hath appeared for all men." (Titus II, 11.) He said in part:

As Bible students we find it more and more necessary to study the Scriptures discriminately. Hitherto God's people have unwittingly narrowed down the grace of God and minimized the efficacy of Christ's redemptive sacrifice by asserting that all the blessings are for the Church and none for the world—that they are for the present Age, and that with its consummation all hope will expire, and that the world, the non-elect, will suffer to all eternity, without ever having tasted of the grace of God in Christ—many without even coming to a knowledge of that provision for sinners.

Two Salvations—Two Pentecosts. A more careful study of the Bible is revealing to God's people all over the world the fact that He has for mankind two distinct salvations, one for the Church, the other for the world, and each of these salvations is introduced by a Pentecostal blessing. That the Church is merely a "first-fruits unto God of His creatures" is distinctly stated by St. James (I, 18), and this implies most positively that there will be after-fruits.

Note the Apostle's statement respecting the efficacy of Christ's sacrifice, both for the Church and for the world—he says, "He is a propitiation for our sins (the Church), and not for ours only, but also for the sins of the whole world" (I John II, 2).

This does not signify that all will gain everlasting life on the same plane of glory. The change of nature from human to divine is a part of the superior blessing provided by the Lord for those who now walk by faith in the footsteps of the Redeemer. The blessings to the world will not include a change of nature, but a restoration of the willing and obedient to human perfection, such as Adam enjoyed before he sinned.

Many of us had not noticed until recently that two Pentecostal blessings are mentioned by the Prophet. Our overlooking this was doubtless because it was not due time for this feature to be clearly understood. Now, as the time nears for the fulfillment of the second Pentecostal blessing, the force and meaning of the Scripture shines out. Before making known the riches of His grace to the world God has been pleased to foreordain the election of the Church, to be joint-heirs with Jesus in the glorious work of blessing earth's teeming millions.

Notice the text: "It shall come to pass, saith the Lord, at the end of those days, that I will pour out My Spirit upon all flesh, . . . and in those days I will pour out My Spirit upon My servants and upon My handmaidens" (Joel II, 28; Acts II, 17.) St. Peter, in quoting the prophecy, properly applied only the portion which was due in his day, namely that portion applicable to the servants and handmaidens of the Lord. The two features of the prophecy are distinctly marked—one blessing to be upon God's servants and handmaidens only, the other to be upon all flesh. The one was to be "in those days," the other, "after those days."

Jubilee Day—Jubilee Year. The Day of Pentecost was the grand Jubilee Day, in which God's blessing was attained, marking the forgiveness of sin and the acceptance by the Heavenly Father. It was the 50th day (7 x 7 plus 1). Every Jewish Sabbath pointed to this Jubilee Day as the culmination of the Sabbath day system. The word "Sabbath" signifies rest and this culmination of the Sabbath days in a fiftieth signified the completeness of the rest.

But it will be remembered that in the Law given to Israel there was not only a seven-day series of Sabbaths, but also a seven-year series of Sabbaths. Each seventh year was a Sabbath year, leading up to a Jubilee (7 x 7 plus 1), the fiftieth. As the day Sabbath reached a glorious culmination for the Church, so the year Sabbath will reach a glorious climax for the world. The fiftieth year was the Jubilee. In that year all debts were cancelled, and all who had been sold into slavery for debt went free.

This pictured the coming blessings—the Day of Messiah, when He shall reign and when through the merit of His sacrifice all sin will be forgiven and all slavery to sin and death will be abolished. This is not a new thought. Centuries ago Bible students discerned that the Jubilee of Israel's time was a feature of the Law foreshadowing a blessing world-wide. It was with this knowledge that our beautiful hymn was written: "Blow Ye the Trumpet, Blow."

Saving Increases One's self-respect

It encourages a sense of independence, always dear to the heart of right-thinking people.

It makes for personal development, too, along lines of responsible citizenship, and every thrifty man or woman with a bank account is just so much more valuable to the community than would be the case otherwise.

Most important, however, is the safeguard which a bank account affords the future.

Open one tomorrow.

Lots Are Selling Fast

IN EMMETT'S NEW ADDITION TO

South Santa Ana

15 LOTS SOLD LAST WEEK.

TWO 1-ACRE LOTS SOLD.

Buy A Lot For \$150
\$5.00 Down and \$5.00 Monthly

That South Santa Ana is bound to be the industrial center of Santa Ana seems certain. That its many ADVANTAGES are BEGINNING TO BE UNDERSTOOD is proven by the number of people who are buying lots in Emmett's new addition.

Three lots sold last week to parties who are commencing to build. J. Nichols, one of the parties, has his lumber on the ground for a one-story building, in which he will put a stock of general merchandise. The grading of streets will start next Monday and will be rushed to a speedy completion. Water is being piped in front of every lot and ALL IMPROVEMENTS ARE BEING MADE WITH NO EXPENSE to purchasers of lots.

With the Pacific Electric at your door this tract offers every inducement to those desiring a good home site or profitable investment.

Prices of lots are at present \$150 and up, but price will soon be advanced. Terms, \$5.00 down and \$5.00 per month.

W. G. EMMETT

Office on tract, or 308 East Fourth St.

Take a Kodak with you

If you are going away for a day or two—or a week or more, take a kodak with you. You will never know the added joy and extra delights that having a kodak always gives until you have one and try it for yourself. You have been many places and have often wished you had a picture story of them. Don't continue doing that way—come down to our store and we will show you how little money it takes to get a satisfactory picture-making outfit.

NOW TRYING FOR REVERSAL

After Sentence on Ashby's Plea of Guilty, an Appeal is Undertaken

Attorney Harding is to appeal to the Superior Court in an effort to get W. W. Ashby out of the county jail, to which place he was sentenced by Justice Cox on a charge of battery, Ashby's wife being the complainant. Ashby pleaded guilty to the charge and was given a six months' sentence. This was evidently more than Ashby expected would be given. Two of his brothers came here from Artesia, and have employed an attorney to see if the judgment cannot be knocked out. It is understood that, pending the hearing in the upper court, Ashby will be given bond.

For Thirty Days Juan Morina was sentenced to thirty days in jail for engaging in a fight at Old Newport. He was arrested by Constable Jackson.

Liquor Trial On The trial of Maria Lemos of Los Alamitos on a charge of selling beer illegally is on today in Justice Cox's court, with Deputy District Attorney Koepsel prosecuting and Attorney Green defending. Three Spanish witnesses testified to the purchase of liquor.

AT THE COURTHOUSE

Asks for Permit The Southern Pacific has petitioned the Board of Supervisors for a permit to lay a spur track across Myrtle avenue at Los Alamitos to accommodate the business of the Los Alamitos sugar factory.

Drs. Rosier & Paul, dentists, over Farmers & Merchants Bank.

NOT ANXIOUS TO MAKE RACE

Fifteen Men Chosen at Conference Have Not Visited the City Clerk

Evidently the fifteen men who were selected at the conference of representatives of the Chamber of Commerce, Merchants & Manufacturers Association and City Trustees are not anxious to become members of the board of racetracks. They have all consented to run, but as yet none of them has appeared at the office of City Clerk Burke to name a verification deputy to circulate the nomination petitions.

The time is short for completing the work of making the nominations, and the petitions cannot be started until the candidates have empowered a verification deputy to take nominating signatures.

If there are to be any other candidates than the fifteen suggested at the Friday evening conference, that fact has not become generally known.

HORSE RACES MEMORIAL DAY

Program Has Been Arranged For Events at Race Track on Bristol Street

Matinee races have been arranged for Decoration Day at the Orange County Fair grounds, located on South Bristol street. Judging from the entry list, the program should be a fine one. Entries have been made from all over Southern California, and some of the best horses in the state are to race. There will be nine races in all, of which seven will be harness races and the other two, running races. Rigs have been provided so that anybody wishing to will be able to ride to the track. The races are under the management of Mr. Fred Cole.

The program follows:
Free-for-All Trot
Oncom—Chas. June, Riverside, Cal.
Inyo—Chas. Parker, San Bernardino.
Gold Nut—Geo. For., Santa Ana.
Mabel Van—J. Vantress, San Bernardino.

Special
Dash—Frank Thomas, Santa Ana.
Leapyear—Teddie Cole, Santa Ana.
2:25 Trot
Horn—O. Parks, San Bernardino.
Copper the Ora—Mr. Morrell, San Bernardino.
Cope—Peter Beatty, Santa Ana.

Free-for-All Pace
Kid Downey—Ted Howland, Riverside.
Betty Raymond—A. B. Miller, Riverside.

Artesia—O. W. Martin, Garden Grove.
On Bly—Jim Campbell, San Bernardino.

2:25 Trot
Lauretta—Chas. June, Riverside.
Dark Streak—H. E. Webster, Riverside.

Larry K—A. B. Miller, San Bernardino.
Neernut—Peter Beatty, Santa Ana.

2:55 Pace
Zella—Chas. June, Riverside.
Glenwood Boy—Chas. Farrar, San Bernardino.

Fleet—Peter Beatty, Santa Ana.
Buster—B. Newman, Garden Grove.

Gentlemen's Driving Race—Owners Up
Peter Mack—Wm. Jeffries, Santa Ana.

Flash—F. Thomas, Santa Ana.
Maud C—F. Culver, Santa Ana.
Geo. W.—Sam O'Bar, Santa Ana.
Midget—Fred McCullough, Santa Ana.

HER OWN BUSINESS

Bachelor Mayor of Cambridge, Mass., Said This Officially in Vetoing Certain Order

CAMBRIDGE, Mass., May 27.—Woman's age is her own business, says J. Edward Barry, the bachelor mayor of Cambridge. And he says it officially, in vetoing an order passed by the city council and the aldermen directing the city clerk to publish a booklet containing the names of all city employees, except laborers, with their occupations, residences, places and dates of birth, and also when they were naturalized, if they were born abroad.

Benefits of Rotation The rotation of crops keeps the soil supplied with vegetable matter from the roots of the grass crops grown and from the manure usually applied. When this vegetable matter rots, or decomposes, plant-food is liberated. Vegetable matter keeps the soil open so that air can penetrate. It likewise holds moisture, thus exerting desirable chemical and physical influence on the soil.

Cheap Oranges

I am taking out a few trees in my orange grove and desire to get what I can for the fruit as the quantity is too small for the packing houses to handle. I guarantee them to be sweet and juicy or money refunded. Price 50 cents a sack on the tree.

ISSUE CHALLENGE TO THE MINISTERS

The success of the baseball game between the schoolmasters and the preachers seem to have stirred up some of the other professional men and turned their thoughts to baseball. At least, the ministers have received a challenge from a committee of lawyers and bankers, asking for a game of baseball for the benefit of the Y. M. C. A. The preachers are willing to play baseball. They like it. But they want the opponents to come singly, not in pairs, and the answer to the challenge is that the bankers and the lawyers ought to organize a team apiece, play a game and send the winner against the ministers.

OPENING DANCE

A Grand Opening Dance will be held in Campbell's new hall in Orange next Friday night, May 31st, with excellent music by a five-piece orchestra. All invited. Admission \$1.00.

Closing out large wall paper stock at Chandler's, 510-512 North Main. All grades, at greatly reduced prices.
